

TECHNICAL DATASHEET

BRAKES & PARTS CLEANER

ART. NO: #380.001 (408 g), #380.002 (20 L)

BRAKES & PARTS CLEANER is a professional strength cleaner that quickly removes oil, grease, brake dust, dirt and other contaminants from all brake parts including drums, disc pads, springs and cylinders. Its unique formula is not only fast drying, but displaces moisture without leaving behind any residue.

FEATURES

- ✓ Easy to use aerosol application
- ✓ Displaces moisture
- ✓ Fast drying
- ✓ No residue
- ✓ Can be used on all brake parts
- ✓ Non-chlorinated

APPLICATION

Ideal for use on all types of brake parts.

CONDITIONS OF USE AND CONFORMITY

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgment in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest Technical Data Sheet, which should be demanded, apply.

HEALTH & SAFETY

See Safety Data Sheet and labels for additional safety information and handling instructions. Directions for handling and waste disposal are in our Material Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry. Wear appropriate PPE such as eye and skin protection. In the event of injury, see first aid procedures on SDS. Always observe all applicable precautions and follow good safety and hygiene practices.

CAUTION

FLAMMABLE. DO NOT USE ON PAINTED SURFACES. PROTECT PAINTED SURFACES FROM OVER-SPRAY.

HANDLING

1. Disassemble brake parts before cleaning.
2. Shake can and spray generously onto the parts that require cleaning.
3. Allow time for the product and grime to naturally run off the parts.
4. Allow parts to air dry before reassembling.

PRODUCT DATA

Nature: Cleaning agent

Package: 408 g / 20 L

Number per case: 12 (408 g) / 1 (20 L)

Safety Data Sheet (SDS) is available on our website
